

## Activity 1

Have a think

For every 3 yellow counters, there's 2 red counters.

If there are 6 red counters, how many yellow counters are there?

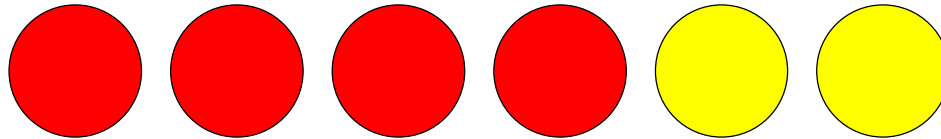

If there are 18 yellow counters, how many red counters are there?

## Activity 2

Have a think

The ratio of red to yellow counters is 4 : 2

There are 18 counters in total.

How many counters are red?

## Activity 3

Have a think

Tommy has a packet of sweets.

For every 2 red sweets there are 3 green sweets.

If there are 30 sweets in the packet in total, how many of each colour are there?
